

HSG Alumni Sustainability Club (HASC)

News, program 2021 and a look back at the beginning of the HASC

We hope you and your beloved ones are well in these turbulent times! Especially now, the exchange in a community is more important than ever - but of course also more difficult to maintain. We would like to give it a try and bring our community on LinkedIn to life.

Connect with us on our LinkedIn Page

Have you already joined our HSG Alumni Sustainability Club on LinkedIn? As we aim to build an engaging and inspiring community, whereby knowledge transfer and personal exchange between our Alumni Members is key, we kindly invite you to join our group on LinkedIn. By being in contact with other like-minded people and further growing your network, you will also receive up-to-date information on the HASC activities and events. Therefore, don't be shy – join us – exchange – and share content! We are looking forward to speaking with you on LinkedIn.

Events and activities 2021

Stay tuned with our bi-monthly newsletter

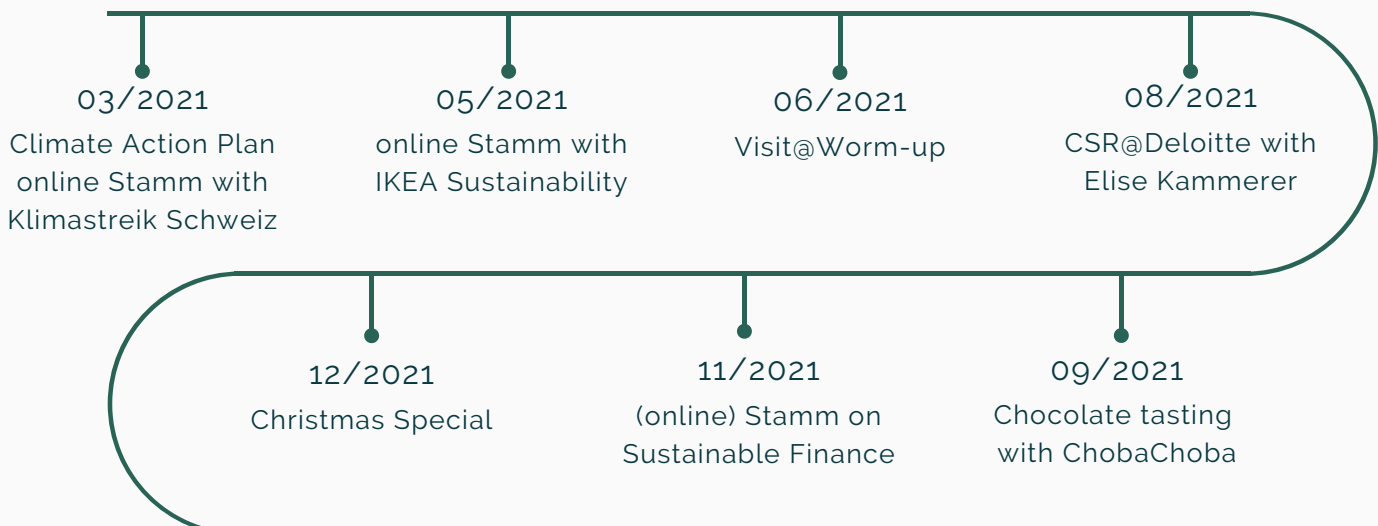

Share information and network in our LinkedIn group

Get inspired at our (online) "Stamm"

Learn from sustainable start-up visits

Get involved in workshops and co-creation sessions

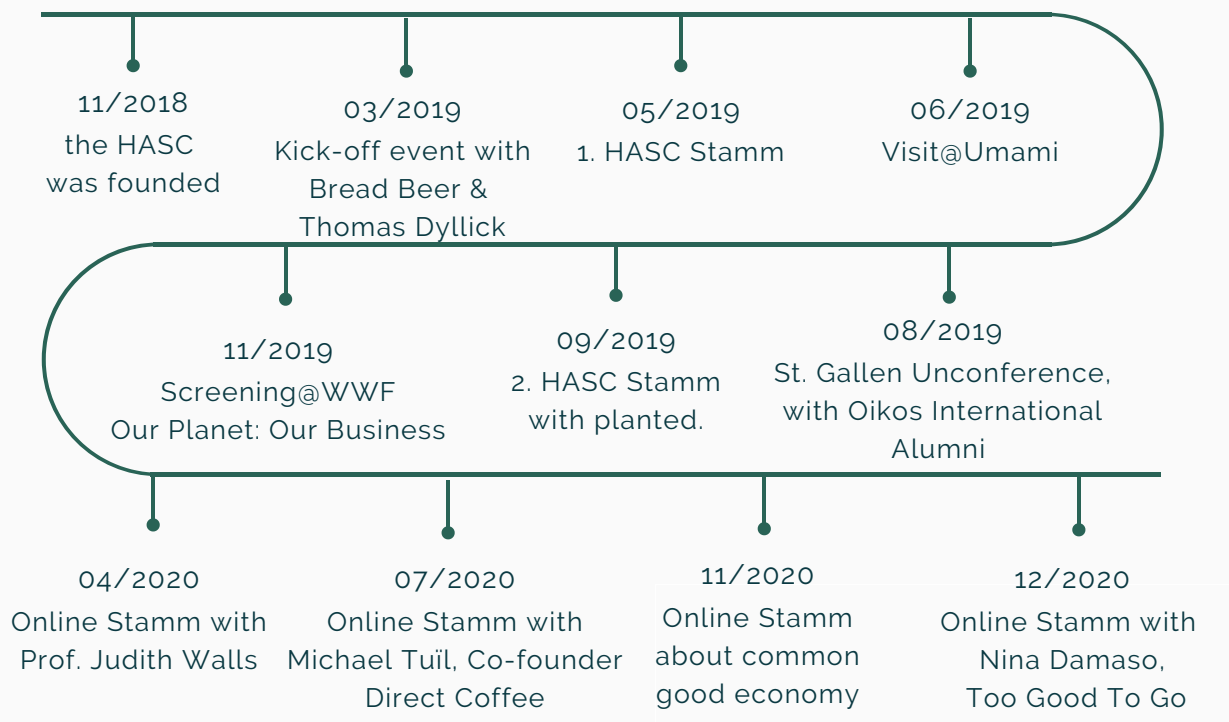

HASC Programme 2021

A look back

It has already been two years since the foundation of the HASC. Today, we have more than 200 members, 10 events and countless inspiring conversations and ideas to look back on.

How it all began: the HASC journey 2018 - today

Finally, a little publicity

The "Perfect Week Festival" from Euforia is coming up: From 9-13 March 2021, you can expect to see a rich potpourri for personal inspiration, fruitful discussions and encounterings with like-minded people. Check it out: www.perfectweek.rocks

We hope to see you soon - on LinkedIn, at a Stamm or at the next company visit even in person!

Your HASC Team,

Helena, Katja, Kim, Martina, Paulina, Rafael and Selin
